### **FINANCIAL SOFTWARE SYSTEMS APPOINTS GASTÓN PERALTA TO HEAD LATIN AMERICA SALES**

Financial Software Systems, the global treasury and private banking portfolio software company, announces the appointment of Gastón E. Peralta as its Sales Manager for Latin America and the Caribbean. Gastón has established FSS sales operations in Miami.

Gastón joins Financial Software Systems from Misys plc, where he was instrumental in building the treasury and trade finance businesses for Misys in Latin America. Over the past 20 years, Gastón has successfully developed business with many financial institutions in the region.

Jerry Thurston, Financial Software Systems' President explained, "Gastón brings a wealth of business development expertise to the FSS team, and we are excited by the opportunities before us in Latin America. We have identified a number of opportunities in the region, and we are looking forward to assisting institutions who require a comprehensive and effective treasury solution without the overhead and complexity that comes with larger software suppliers."

Financial Software Systems is headquartered in Horsham, Pennsylvania, producing foreign exchange, interest rate and equity risk management software for banks, broker-dealers, fund managers and corporations. Financial Software Systems supports leading financial institutions around the world with front-office, middle-office and back-office portfolio management systems.
